**Management Aptitude Test and Test Scores**

1 The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
2 MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
3 All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
4 The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
5 The percentile below column indicates the percentage of candidates in the test who scores below that of the candidate in the section.
6 The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
7 The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
8 All scores and percentile below figures are reported after rounding off to the nearest whole number.
9 Personal Data is as reported by the candidate.
