B-PLAN:

Workshop on writing a B-Plan by Mrs. Padmaja Priyadarshini

PROGRAMME OBJECTIVE: To provide students with inputs on how they can write a B-Plan for their business on campus business idea.

PROGRAMME BRIEF: The session provided insights with how students can write their Business Plan for their business ideas. She began with explaining the template for an ideal business plan which include:summary, customer pain points, solutions & value created, market segment, size & growth rate, competitor analysis & competitive position, business & revenue models, entry strategies, technologies & roll out plan, investments, sales, profit & break-even point, team, team fit & advisory board, risk mitigation strategies, exit options for investors, future plan and challenges and how to overcome them. She explained it with the help of B-Plan prepared for her own venture. Students were asked to prepare and present their business plan followed by Q&A session. The session concluded by the guest giving her own reviews and necessary areas to improve for each B-plan presented by the students.

PROGRAMME OUTCOME:The session enabled the students to write a B-Plan for their business ideas that they have thought for the upcoming on campus business. Presentation of their plans ensured that they get a realistic and a practical experience. Reviews and feedbacks given by the ma'am enabled the students to know the areas for improvising their existing ideas and B-Plan before actually conducting the business. Moreover, there was a good correlation as to theoretical learning and practical exposure. Overall, it enriched students' knowledge curve.

RESOURCE PERSON: Mrs. Padmaja Priyadarshini, proprietor of a design company, homeplanguru.com.

OBJECTIVE OF THE PROGRAM:

- To motivate students, and impart life skills that may not be taught in rudimentary curriculum
- To enlighten the students and become better versions of themselves.

PROGRAM BRIEF:

On 3rd November 2022, an interactive workshop was conducted on Life Skills/Value Education/Personality Enhancement for 65 students from 1st-Year B.Com. (Finance & Taxation) accompanied by a faculty from MOP Vaishnav College for Women-

Nungambakkam, Chennai. The interactive workshop was conducted in Vivekananda Cultural Centre (VCC), Vivekanandar Illam Campus, Kamarajar Salai (Old Marina Beach Road), Triplicane-Chennai.

Smt. Varsha ji, our long-standing volunteer and resource person for Life Skills/Value Education workshops conducted an innovative session that helped participants understand and control their thoughts better, followed by fun-filled interactions which made them learn self-discipline, respect for hard work, valuing fellow students for inner worth and avoid teasing of any kind as the hurt remained for long.

There was a session on Guided Meditation for ten mins by Swami Raghunayakananda ji, Director of VCC, who also led the second interactive session of 'A Journey from Self-Centered to Nation-Centered Life.'

At the end, all participants were taken on a guided tour of the 'Experience Vivekananda' Museum, where they saw an ancient Indian heritage gallery, the history of Icehouse and Swami Vivekananda galleries-childhood and youth, 3-D show depicting the famous Chicago speech, culminating in a 1-minute silent meditation in the very room where Swami Vivekananda had stayed for nine days in February 1897 (just 125 years ago)!

PROGRAM OUTCOME:

- Students learned more about Swami Vivekananda's life, his service to society, and his morals and principles.
- Students left with a fresh approach towards life and a sense of calmness was instilled.

Accounting and Finance. The one and a half hour session was conducted by Mr. Amalan Siluvai, a senior brand consultant. He has over 13 years of rich brand-building experience with the finest MNC advertising agencies and creative boutiques in Chennai. He has played an integral role in the launch of Ford Figo, Levista Instant Coffee and over 25 real estate projects. He has also handled renowned FMCG, fashion and pharmaceutical brands.

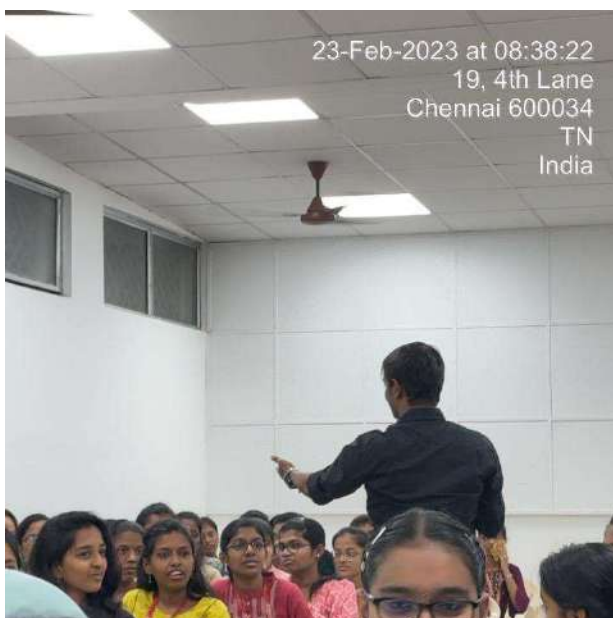

The session began with a brief introduction about Mr. Amalan, and he took the session forward by talking a little on his experience with the branding of Levista Instant Coffee and the research that it took to shape the campaign. This he did to make the students understand the various nuances and variables that are to be accounted for while trying to create a marketing campaign. He then moved on to talk about the main topic in discussion- Emerging Marketing Trends. Mr. Amalan encouraged students to contribute to the session and talk about a few trends that they know of and moved on to explain the various trends discussed. He touched on Guerrilla marketing, AI in marketing, Influencer marketing and many more with appropriate and interesting examples. The session ended with Mr. Amalan guaranteeing that marketing is one of the most interesting and fun subjects and the possibilities in this field are endless.

The session was packed with information and most definitely kindled the interest and encouraged many of the students to look at this subject of marketing with times more interest than before.

PROGRAM OUTCOME:

- Students left with a newfound interest in marketing.
- Students understood the various implications of the new trends in marketing.

ONLINE WORKSHOP

MARKET KA EKLAVYA -FUNDAMENTALS OF STOCK MARKET

Date	Topic	Name and Designation of the Resource Person/ Name of the Agency	Number of Students Benefited/ Participated
3-03-2023	Market ka Eklavya -Stock trading fundamentals	Mr Barnavo Dhara, Freelance Financial Trainer, Poornatha in association with NSDL and MADE-Michigan Academy for developing Entrepreneurship (USA)	66

Objectives:

- To equip the youth with financial awareness and discipline.
- Aims to create a favorable ecosystem by creating awareness around capital markets among college students.

Event Brief:

Date of the Session: 03.03.2023

No. Participants: 66

Session Speaker: Mr. Barnavo Dhara

Session Platform: G-Meet

Mr. Barnavo Dhara, initially spoke about the basics of investment and its impact on investing your funds earlier in life. He emphasized, "Investing sooner, the better" to take the benefit of compounding.

He also touched upon the topics of active income and passive income, and how essential passive income could be in one's life as much as active income. He explained the concept interestingly through the well-known story of ants and grasshopper, which gave students an insight that passive income becomes essential after retirement and how one must do budgeting based on salary, the primary income. Warren Buffet's guidance on investing was mentioned.

Mr. Barnavo also spoke on the 3S's of Investment- Start early, Spread wide and Stay long. Investments in different financial assets are required for spreading the risks.

Outcome:

Overall, this whole session was very insightful and we are enlightened with new fascinating information. It helped us understand and created awareness of the importance of investment planning. The program was made interactive and interesting by pop-up questions and examples. Altogether the program was very beneficial to the students

1	11.01.2023, 12.01.2023	NoSQL	Ms.Anju Munnoth, FreeLance Corporate IT Technical Trainer	91

Programme Objectives:

- To educate the students about the importance and use of NoSQL.
- To provide knowledge on the emerging tools and its advantages

Programme Brief:

A Two day workshop was organised for II B.Sc Computer Science on NoSQL. The workshop began with an ice breaking session which triggered more interest among the students. She glanced through the topic RDBMS and it's disadvantages to know why NoSQL was needed. In NoSQL she taught the students to create, display, insert, delete, alter, arithmetic operations, push and pop, switching server through hands on practice method. Her teaching method throughout was very engaging and interactive.

The Department of information technology conducted a workshop on 'Microcontrollers' which initially concentrated on the microprocessors 8085, 8086, microcontroller of 8051 and their features. During the workshop the design of sensor based automation projects using embedded systems was explained and demonstrated. The types of sensors required for various use cases were discussed. During the session ideas for IoT system design was discussed.. The resource person Dr G Kumar Sathian also discussed ports, registers of 8051.

OUTCOMES

- This workshop covered the basics, evolution, features and uses of Microcontrollers.
- The session also enlightened the students on the nuances of design and implementation of microcontroller based automation projects.
- It also highlighted the design principles of IoT systems..

PROFILE OF THE RESOURCE PERSON

Dr. G. KUMAR SATHIAN served as the Head of the Department of Physics, Academic Dean & one of the Directors of Madras Christian College Board and retired in 2008 after serving 38 years at Madras Christian College. He has served as a Guest Faculty in the Dept. of Theoretical Physics, University of Madras for 3 years & also as a Course Coordinator, since 2011 for the UGC Sponsored–ADD-ON course, 'Learning Electronics through mini projects' at J.B.A.S College for women, Chennai. He is the Proprietor of FLORANIX Company – founded by his experience and passion in Electronics in 1986; the firm manufactures educational electronic trainers for use in electronic labs of Engineering colleges, Arts & Science colleges and Physics Labs in schools (for Plus-Two) for the past 3 decades. All the educational trainer kits required for setting-up Digital, Opamp, microprocessor and microcontroller labs were designed and developed by him at Floranix.

Objectives:

- To train the students on the Scilab software
- To efficiently use the Scilab software for upcoming projects

Event Brief:

The “Scilab For Analytics And Optimization” session was conducted on 14.02.2023. A total of 51 students of II BCA students actively participated in this learning session.. The resource person began by providing a brief overview of the scilab software. The session began with basic commands and progressed to teaching programming with scilab. The resource person led a brain teaser module to motivate the students to think outside the box. The session was concluded with a Q&A session to address the student’s concerns.

Outcomes:

- Learned programming in scilab software
- Understood the usage of scilab

10-03-2023	Wireshark	Ms.A.Muthulakshmi Assistant Professor, M.O.P. Vaishnav College for Women	III BCA	49

Objectives:

- To introduce the basics of a networking tool.
- To capture, interpret, filter and inspect data packets to effectively troubleshoot.

Event Brief:

This workshop on Wireshark was to make students learn how to capture, interpret, filter and inspect data packets to effectively troubleshoot. The resource person highlighted on the usefulness of Wireshark, the go-to network packet capture tool. She also emphasised on how Wireshark will help you capture network packets and display them at a granular level. Once these packets are broken down, how one can use them for real-time or offline analysis. This tool lets you put your network traffic under a microscope, and then filter and drill down into it, zooming in on the root cause of problems, assisting with network analysis and ultimately network security.

Outcomes:

- Emphasis on the importance of a networking tool.
- Encouragement for students to explore capture, interpret, filter and inspect data packets to effectively troubleshoot.

Profile of the Resource Person:

Dr. A .Muthulakshmi is an Assistant Professor from Department of Information Technology has 22 years of teaching experience in collegiate education. Her areas of expertise include Digital Electronics, Microprocessor, Networks, Data Mining and Shell Programming. She has earned her Ph.D degree in Computer Science from Bharathiar University and holds Masters Degrees in Physics , Information Technology and Computer Applications from Madras

21-03-2023	Robotic Process Automation	Mr. A.J Joel, Associate Manager, RR Donnelley, Chennai.	III BCA	49

Objectives:

- To introduce the basics of RPA.
- To introduce RPA Benefits and hands on learning using UiPath

Event Brief:

The resource person gave an overview on how RPA has quickly become one of the most fundamental efforts contributing to businesses enhancing their productivity for long-term success. Although ultimately just one piece of the modern business technology puzzle, RPA often serves as the introduction to the convenience and speed that automation can lend to a business. With rules-based software robots handling repetitive tasks that are frequently marred by human error, your team can do more every day. The resource person suggested why RPA is important in modern business is the first step to a successful deployment. He explained how RPA can save money, reduce errors, improve agility and prove its own value as an investment.

He briefed upon the UiPath as a great tool for automating business operations. He said when organizations implement RPA, the productivity skyrockets and customer experience improves. The experience of robotic process automation becomes even more rewarding for organizations with UiPath. He gave a hands on experience on on-premise and cloud deployment methods, and how everything can be managed and deployed in one location. The ability to operate bots from a central server improves security and management.

Outcomes:

- Students were able to understand how RPA fits into an Intelligent Automation Strategy for Business.
- Implementation of RPA using UiPath.

Objectives:

- To facilitate the students with different visualization charts in python
- To assist the student with the importance of data visualization across different domains.

Event Brief:

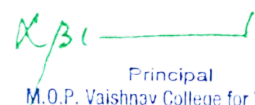

The Department of Information Technology, Programme: B.Sc. Data Science conducted a workshop on 9th February 2023 titled “Data visualization using Python” for I B.Sc. Data Science students. The speaker Mr. V Dinesh Kumar started off the session with an informative presentation about what is data visualization, the different types of variables, such as univariate, bivariate, and multivariate and different types of graphs. He also explained about the visualization tools for each type of variables and finally he gave a demo of creating visual graph representations for different datasets.

Outcomes:

- Students were able to infer knowledge from the graphs implemented.
- Students created code for analyzing the different types of variables present in the dataset.

Profile of the Resource Person:

Mr Dinesh Kumar V is a Data Science and Business Analytics expert with 10 years of overall cross industrial experience working with various engineering projects with three plus years of teaching experience as a course Instructor in the field of Business analytics and Data Science. He has wide knowledge in teaching Data Science and Business Analytics core concepts using Python, R and Tableau language. He’s currently working as an instructor at Great Learning Academy and as the Manager of Operations at Apollo Hospitals Group, Chennai. He has achieved the award for an excellent performer in staff performance appraisal for three consecutive years. Mr Dinesh Kumar did his UG at Anna University, MBA at University of Madras and has completed his Post Graduate Program in Business Analytics & Intelligence at Great Lakes Executive Learning in Chennai.

RESOURCE PERSON
Prof. Nalini Ravishankar
Department of Statistics
University of Connecticut, USA

Date: 16th December, 2022

Time: 11 a.m- 1 p.m.

OBJECTIVES:

- To understand the statistical background of binary classification algorithms.
- To enhance the primary understanding of machine learning.
- To introduce various tools and methods to analyse data.

EVENT BRIEF:

The workshop covered the statistics and the implementation behind machine learning algorithms. Three algorithms were considered the primary focus of the session, Logistic Regression, Decision Tree and XGBoost. The working of the logit function was discussed. A working example in R using Logistic Regression on bank data was discussed. Later on, Decision Trees and its implementation was focused. Techniques like Information Gain, Gini Index that are used to decide the various nodes of the tree were covered.

OUTCOMES:

- The background of various models were introduced.
- The methodologies to apply on the given dataset were highlighted.
- The binary classification models Logistic Regression, Decision Tree and XGBoost were compared and discussed.

Profile of the Resource Person:

Dr. Nalini Ravishanker is currently working as a Professor of statistics at the University of Connecticut. Prof. Nalini Ravishanker is an Indian statistician interested in time series analysis and in applications of statistics to actuarial science, business, and transportation. She is co-editor-in-chief of International Statistical Review, and president of the International Society for Business and Industrial Statistics for 2015–2017. Prof. Nalini Ravishanker earned a bachelor's degree in statistics in 1981 from Presidency College, Chennai. She completed her PhD in 1987 from the New York University Stern School of Business. After working at the IBM Thomas J. Watson Research Center, she joined the Connecticut faculty in 1989. With Dipak K. Dey, Ravishanker is the author of A First Course in Linear Model Theory. She is also one of the editors of the Handbook of Discrete-Valued Time Series. Prof. Nalini Ravishanker is a fellow of the American Statistical Association and an elected member of the International Statistical Institute. She was named to the 2021 class of Fellows of the American Association for the Advancement of Science.

OBJECTIVES:

- To understand the fundamental background and history of deep learning models.
- To introduce various tools and methods to implement neural networks.
- To compare and contrast the various use cases and advantages of neural networks.

EVENT BRIEF:

The workshop started off covering the basics of Artificial Intelligence and Machine Learning. Deep Learning and the components involved in it were explained in detail. Deep learning consists of a neural network-like structure that was created in order to mimic the human brain. The improvements and disadvantages of neural networks were also discussed. The second half of the session was about implementing a convolutional neural network using Python. Packages like TensorFlow and Keras were introduced to aid the same. The implementation used the MNIST data to train and validate a convolutional neural network.

OUTCOMES:

- The history and growth of AI and neural networks were introduced.
- The various deep learning methods to apply on the given dataset were highlighted.
- CNN neural network was implemented using TensorFlow and Keras providing a hands on experience.

PROFILE OF THE RESOURCE PERSON:

Dr P Uma Maheswari ,Associate Professor ,Department of Computer Science and Engineering, Anna University. She has 24 years of teaching experience for engineering students.She has been with Anna University for the past 8 years. She has obtained her PG and Doctoral degree from Anna University. She has published nearly 100 research papers in reputed journals and Conferences .She has completed 3 funded research projects and received two patents.She has guided around 15 Doctoral students.

EVENT BRIEF:

The Department of Information Technology conducted a hands-on workshop on 'Defensive Security ' which initially concentrated on basics of the network followed by types of security strategies used in cyber security. During the workshop, components involved in the organization's perimeter were discussed. The session highlighted how to defend security attacks. Various tools and platforms, including ElasticSearch, IntelligenceX, Leakix, Shodan, and others, were used to demonstrate attacks caused by data or information leak. The resource person, Mr.Aashiq Ramachandran, also gave his valuable insights based on current industry trends.

OUTCOMES:

- This workshop covered the principles of networking and cyber security.
- It addressed threats caused by security misconfigurations and how to avoid them.
- It also discussed several available tools and platforms.

PROFILE OF THE RESOURCE PERSON:

Mr.Aashiq Ramachandran is a cyber security researcher from Cyber labs. He is a passionate cyber security professional.He completed his graduation from Loyola College with specialisation in Cyber Security.He has held various leadership positions in the College.He is a Certified Information Systems Security professional and worked as Cyber Security Analyst.

Report:

Programme type: Workshop

Programme Title: Graph Colorings

Date: 18/04/2022

Name & Designation of Chief guest:

Dr. A. Shanthakumari

Assistant Professor, Department of Mathematics, Presidency College (Autonomous), Chennai-600005.

Total Number of students who attended the session: 163

Level: College

Collaborating institutions (If Any): Nil

Venue: Auditorium, M.O.P. Vaishnav College for Women (Autonomous), Chennai- 34.

10:00 am	Workshop	Graph Colorings	Dr. A. Shanthakumari Assistant Professor, Department of Mathematics, Presidency College (Autonomous), Chennai-600005.

Objective of the Programme:

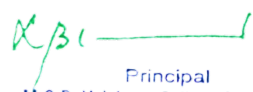

To expose students to Graph Colorings, a most sought-after area of research in mathematics and its significance in providing solutions to real-life situations.

Programme brief :

The session began with Dr. A..Shanthakumari briefing on, introduction to Graph Theory and some basic terminologies, such as vertices and edges. The history behind the foundation of Graph Theory, laid by Leonard Euler from the Konigsberg Bridge Problem and different types of graphs such as Planar graphs, Eulerian graphs etc were explained. Mam also briefed on Four Color Theorem, edge coloring, vertex coloring and elaborated on chromatic numbers, chromatic indices and topological indices. Various applications of graph colorings, such as map colouring, time overlap in flight arrival, scheduling of exams, sudoku puzzles, network and chemistry, and the corresponding way in which the Four Color Theorem was used were explained. Further, concepts like Conflict Graphs, directed and undirected graphs and Chemical Graph Theory, were discussed. This enlightening session ended with an overview of concepts grasped.

Programme Outcomes:

- It was a very insightful session that drew the undivided attention of students to a relatively new field of mathematics.
- The session provided a holistic knowledge of a topic that holds applications in various fields of the contemporary world.
- Students were able to understand the importance of graph coloring ideas, its various areas of applications and use it for their future research.

Programme Objective:

- Inculcate basic knowledge of R Programming and create interest in statistical computing.
- Deepen students understanding of the concepts in R Programming.

Programme Brief:

Dr. Vijeta Iyer began the session with an introduction on installing the R Studio. She explained the user interface of R and gave an insight on the data types, class of objects, keywords and how to use them. Various graphical representations available in R language and the procedure to execute it was elaborated. Significance of operators in performing specific logical or mathematical manipulations was briefed.

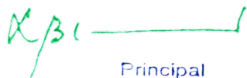

Programme Outcome:

Students were able to

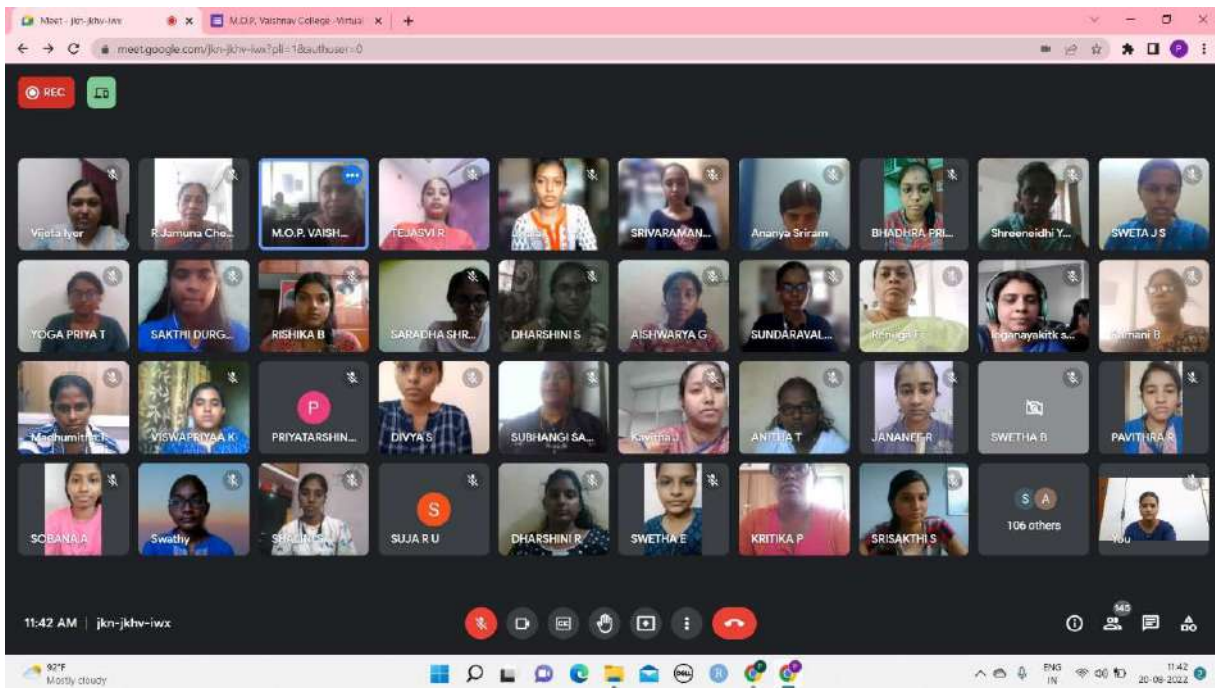

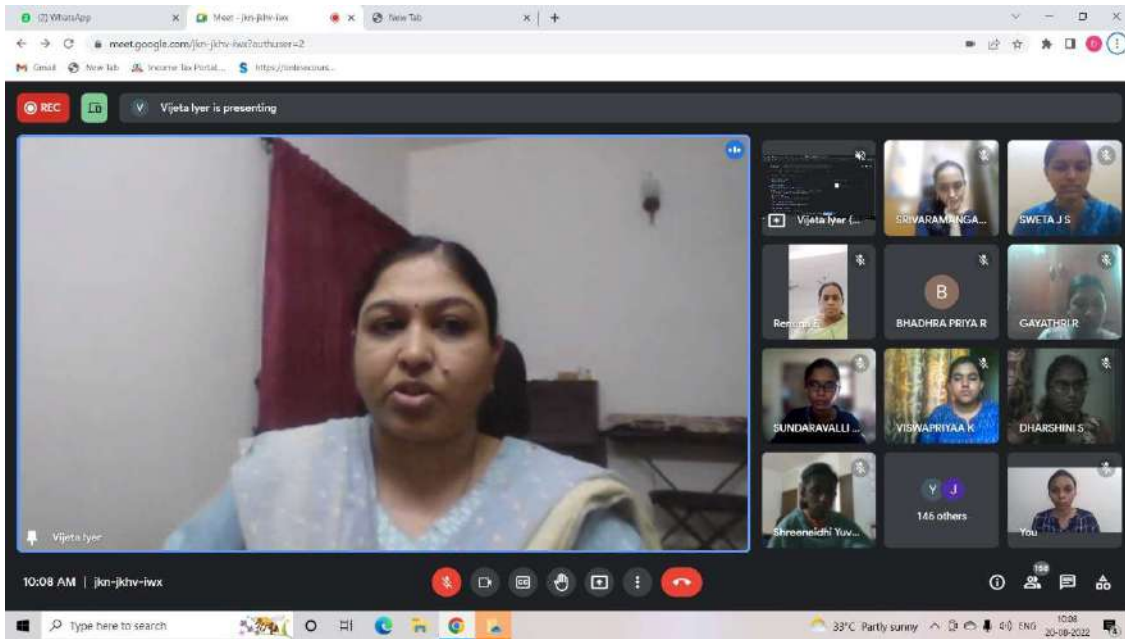

- Learn a new language along with its core concepts.
- Acquire the concept of statistical analysis with the help of graphical representations through a modern approach.
- Achieve a deeper understanding of the subject through the interactive teaching and clear explanations.

Resource Person Profile:

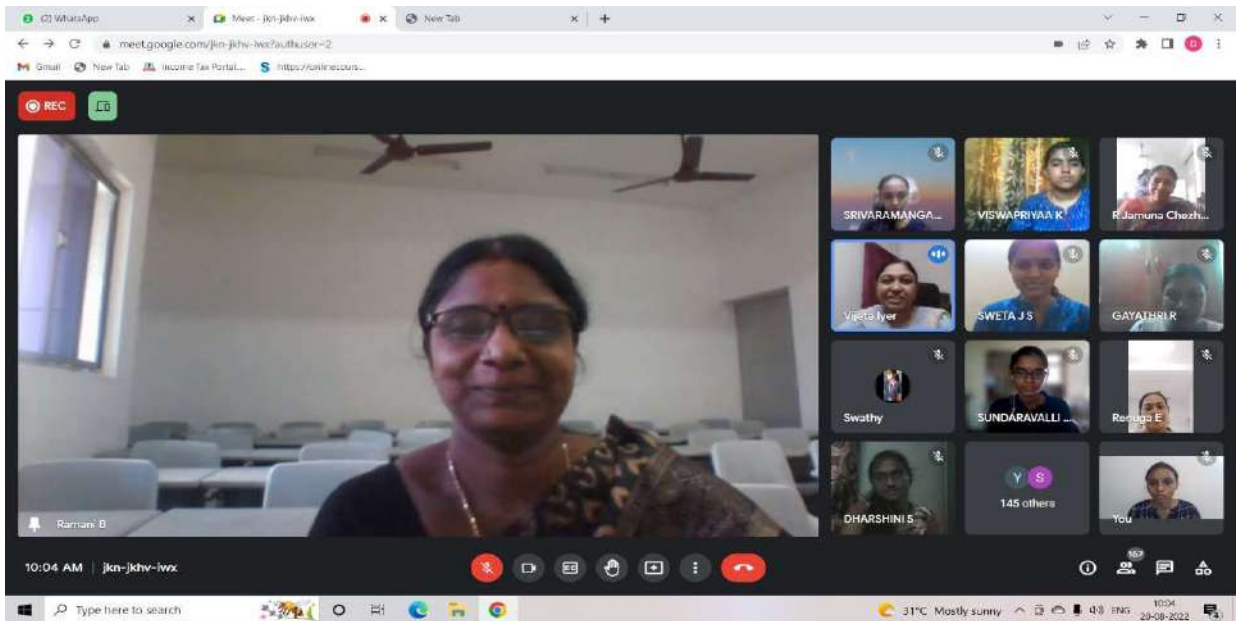

Dr. Vijeta Iyer is currently an Assistant Professor in the Department of Mathematics, School of Foundational Sciences, Kumaraguru College of Technology, Coimbatore, Tamil Nadu. She completed her M.Sc., and later pursued her Ph.D in Mathematics at Sarojini Naidu Govt. Girls' PG College, Barkatullah University, Bhopal. She has published 14 international level journals and 2 national-level journals. She was also appointed as an Editorial Board Member in the International Research Journal of Innovations in Engineering and Technology on 3rd March 2020. Objective of the Programme:

- To gain knowledge documentation on open source tool
- To provide an academic perception about how Latex can be used as a software application to make technical writing and research publications flexible, accessible and efficient.
- To make Students understand how it is an efficient way for the publishers and the authors to organize their works and how it gives a unique appearance for the viewers.

Programme Brief:

The session started with the speaker explaining how to install the LaTeX software and the various free applications available. The right pronunciation for LaTeX was given. He discussed the advantages of using LaTeX for publishing articles and explained how to give commands in Tex Maker. He then briefed the procedure of rectifying the errors, aligning the texts, creating lists and horizontal lines in tables. Sir also gave us an insight of representing data graphically in LaTeX.

Programme Outcomes:

Students were able

- To acquire a better understanding of what LaTeX is and how it is useful in the domain of research.
- To understand how a document written in LaTeX will have a much more professional typesetting.

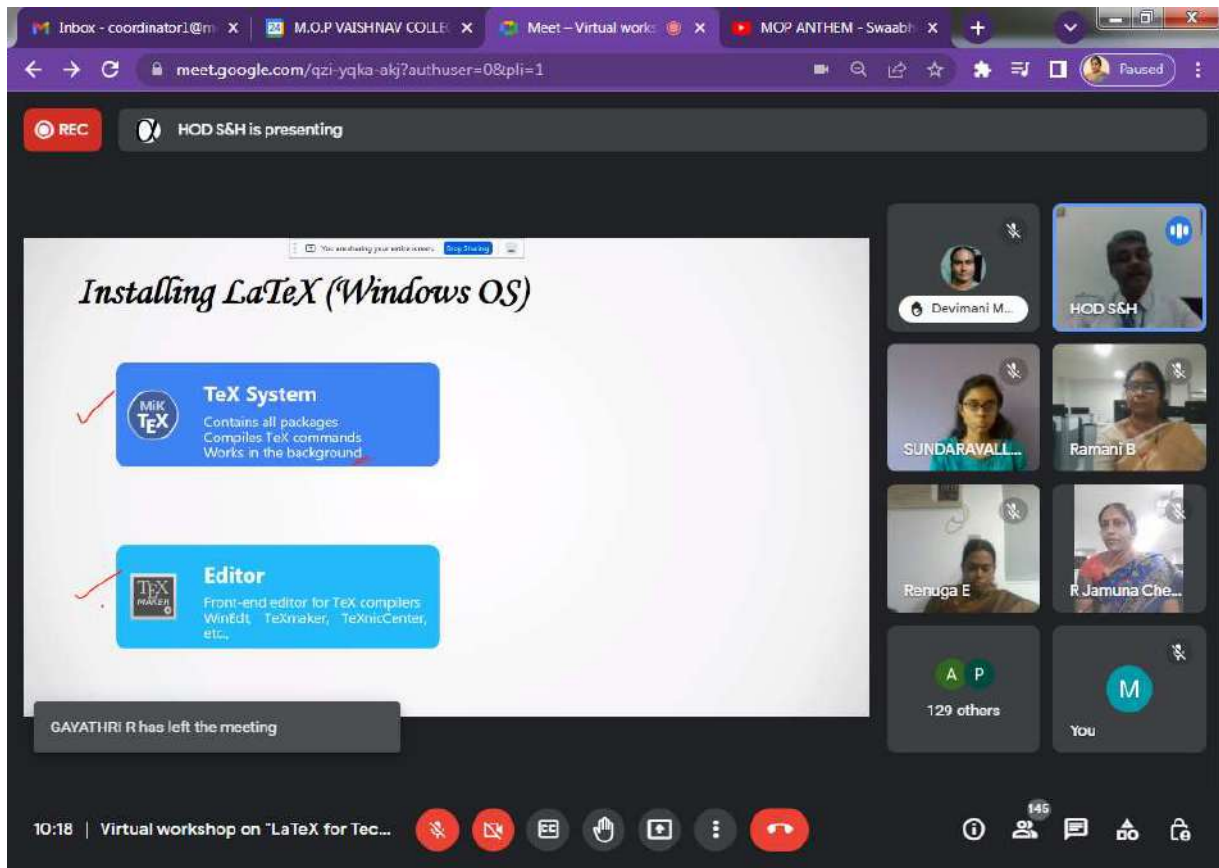

Resource person's profile:

Dr. K.A. Selvakumaran, Professor and Head, Department of Science and Humanities, R.M.K College of Engineering and Technology has been associated with R.M.K Group of Institutions for more than two decades, with his teaching experience spanning over 28 years including two years overseas at Ibri College of Technology, Oman. His doctorate is from the University of Madras and research experience over 20 years has aspired him to publish 27 research papers in National and International journals. Sir is the reviewer of Mathematical Reviews of American Mathematical Society. He also holds membership of various professional bodies like American Mathematical Society, Indian Society for Technical Education, International Society for Research and Development. He has also received the Best Faculty Award for the academic year 2017 –2018 from Cognizant Technology Solutions. As a man of distinct vision and illuminating ideas, he scatters good cheer and instills optimistic enthusiasm among the young learners to reach greater heights.

REC HOD S&H is presenting

About LaTeX

- 01. PRONUNCIATION**
LaTeX is pronounced as "Lah-Tekh" $(a^2 + 2ab + b^2) = (a+b)^2$
- 02. COMPUTER PROGRAM**
LaTeX is a computer program used for making articles, books and math formulas look good
- 03. SUITABLE FOR MATHEMATICAL FORMULAS**
LaTeX is well-suited for expressing mathematical formulas on electronic devices in a more human readable format, by showing them in a way similar to how they would be written by hand.
- 04. AUTHORS CAN FOCUS ON THE CONTENT**
LaTeX attempts to follow the design philosophy of separating presentation from content, so that authors can focus on the content, without attending simultaneously to its visual appearance.

REPORT

Session: 1 Analytical Techniques for Solving Non-Linear Differential Equations

By. Dr.L. Rajendran

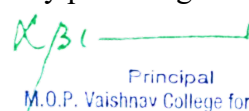

Time	Session	Session Title	Resource Person (Name, Designation & Org Name)
9:00 a.m. – 10:30 a.m.	Session 1	Analytical Techniques for Solving Non- Linear Differential Equations	Dr.L. Rajendran Professor, Department of mathematics AMET university, Chennai

Objective of the Programme:

- To enable the students to have a better understanding on the basics of solving differential equations and its real-life applications.
- To acknowledge the various methods used to solve a non-linear differential equation and how it differs from a linear differential equation.
- To learn the key skills required for individuating and solving any differential equation

Programme Brief:

The programme commenced with Rajendran sir sharing a short story of the renowned legendary mathematician Srinivasa Ramanujan and how he found the uniqueness of rational numbers and the definition of infinity. Subsequently, the students were briefed about the fundamental concepts involved in solving a differential equation by providing basic examples.

Then the difference between the non-linear differential equations and Linear Differential Equations were addressed by quoting some few elementary examples for the better understanding by the students followed by which partial differential equations and its order and degree were discussed. The physical origin of the concepts were addressed along with methods to solve a non-linear differential equation by giving examples like Riccati equation and methods like Homotopy and perturbation. Three famous renowned methods were enlightened by Sir which are collectively the Rajendran Jay method which was discovered by the honourable personality, the Akbari Ganj Method for solving a non-linear differential equation respectively. The session concluded with students addressing their doubts for being able to comprehend the concepts in multiple aspects.

Programme Outcomes:

Students were able to:

- Enhance their knowledge of understanding by acquiring a lot of information about solving differential equations and partial differential equations which are sufficient as well as easily approachable
- Analyse a given differential equation and solve the equation with suitable techniques.

Guest profile:

Dr. L. Rajendran, Professor, Department of Mathematics, Academy of Maritime Education and Training, Chennai had completed his Ph.D. in Alagappa University and his M.Phil. in Bharathidasan University. With 39 escalating years of professional experience, Sir has imparted his intrinsic knowledge by teaching in various institutions. He has also published various journals contributing a great deal to the mathematical domain. Furthermore, Sir has contributed plenitude research theories which are based on the concept of mathematical modelling such as Modelling of non-linear reaction diffusion processes at modified electrodes, Mathematical modelling and analysis of enzyme substrate reaction diffusions in some biochemical systems, to name a few. Sir has been honoured with many meritorious distinctive awards including Best Mathematical modelling team award (2015-17) from Indian Institute of Technology (IIT), Madras, India, Veravalli research award from the Madura College (2007,2008), Madurai, Tamil Nādu, India, Certificate of Reviewing from ELSEVIER Journals, Amsterdam, Netherlands (2014, 2015&2016).

Session: 2 Applied Mathematics for Machine Learning

By. Dr. A. Kumaravel

Time	Session	Session Title	Resource Person (Name, Designation & Org Name)
11:00 a.m. – 12:30 p.m.	Session 2	Applied Mathematics for Machine Learning	Dr. A. Kumaravel Professor and Dean, Department of Information Technology Bharat Institute of Higher Education and Research, Chennai

Objective of the Programme:

- To enable the students to have a better understanding on how mathematics acts as basis for creating an algorithm required for Machine learning.
- To acknowledge the idea of how statistical concepts are the core part of every model and plays a major role in optimization of a model.
- To acquire the fundamental techniques required for operating WEKA, also known as Waikato Environment for Knowledge Analysis, developed at the University of Waikato, New Zealand, a software of collection of machine learning algorithms used for data mining.

Programme Brief:

The programme commenced with Dr. Kumaravel quoting a situation to students about the concept of data interpretation thus providing a fundamental idea about machine learning. Subsequently, the students were briefed about the miscellaneous mathematical concepts involved in creating algorithms by providing basic examples such as probability of cards, probability in determining the colour of dog, to name a few. Then the attributes of machine learning were addressed by quoting some few elementary examples for the better understanding by the students. Then, the significance of Artificial Neural Network were enlightened like how it acts as an artificial humane element which forms the backbone for artificial intelligence. Usage of the facile renowned WEKA, also known as Waikato Environment for Knowledge Analysis, developed at the University of Waikato, New Zealand, a software of collection of machine learning algorithms used for data mining were introduced to the students for improvising their technical skill. The software as built by the core elements in Java enthralled the participants as it solved any mathematical problem in an elusive manner. The session concluded with participants envisioning the probable answer for the questions which were speculative as well as addressing the ambiguity in certain concepts.

Programme Outcomes:

Students were able to:

- Enhance their knowledge of understanding by acquiring a lot of information about functioning of the WEKA software
- acquire the primary principles involved in constructing a machine learning algorithm using probability and statistics concepts, the intrinsic attributes like data interpretation, deep learning, categorization and classification of data.

Guest profile:

Dr. A. Kumaravel , Professor and Dean, Department of Information and Technology, Bharat Institute of Higher education and Research, Chennai had completed his Ph.D. in Anna University. With 35 years of professional experience, Sir has imparted his intrinsic knowledge by teaching in various institutions. He has also published various journal articles contributing a great deal to the software domain such as Intentions of Online Shoppers Prediction by Fuzzy Petri Nets Construction, Treatment of peptic ulcers with a Siddha medicine, "Sirucinni Uppu" and prediction with regression models, January 2019, Informatics in Medicine Unlocked, Elsevier, A Novel Royal Seal Cloudlet for Security Enhancement in Mobile Cloud Computing, to name a few. Sir has been honoured with many meritorious distinctive awards including Best Research paper Award –ACM, IEEE, CSI National conference, May 2020 and Best Presentation Award- CII Seminar on Cyber Security 2015.

Session: 3 Recent Research Areas in Graph Theory

By. Dr. Aparna Lakshman

Time	Session	Session Title	Resource Person (Name, Designation & Org Name)
1:30 a.m. – 3:00 p.m.	Session 3	Recent Research Areas in Graph Theory	Dr. Aparna Lakshman Professor, Department of Mathematics Cochin Institute of Science and Technology, Cochin

Objective of the Programme:

- To enable the students to understand the fundamental concepts in graph theory and apply graph theory-based tools in solving practical problems
- To acknowledge the principle of graph theory which is the study of graphs, which are mathematical structures used to model pairwise relations between objects and the various types of graphs which are used in researches.

Programme Brief:

The programme began with Aparna ma'am elucidating on various types of graphs and Graph Classes which are used in Labelling and Graph Operations which are used in structuring an algorithm. Consequently, the students were enlightened with the primitive definition of classes, operators and parameters in Graph Theory. Then the different types of graphs such as bipartite graph and directed graphs were explained. Then Ma'am continued about the characterisation Problem which consisted of the forbidden subgraphs, complement reducible graphs and Table Repeated Complement graph. Usage of Graph operators were introduced for the students where primitive examples of graphs like line graph, total graphs were articulated. furthermore, graph dynamics and its parameters were analysed by its different types of conjectures precisely the tuza's conjecture and vizing conjecture. then, the difference between leech labelling and leach labelling were presented so that it could be apprehensible for the participants. The session concluded with participants envisioning the concepts of graph theory which were speculative and how it is used in research domain.

Programme Outcomes:

Students were able to:

- Acknowledge the basic concepts of graphs, directed graphs, and weighted graphs.
- Analyse the significance of graph theory in different engineering disciplines
- Synthesize any real-world applications using graph theory.

Guest profile:

Dr. Aparna Lakshmanan S , Associate Professor, Department of Mathematics, Cochin University of Science and Technology Cochin pursued her Ph.D. in the respective institution and has completed various notable NPTEL courses. Along with her professional experience of 18 years, ma'am has also guided various research scholars helping them in their research studies. Ma'am has been honoured with notable meritorious distinctive awards including NPTEL Stars – NPTEL Enthusiasts Award from NPTEL in 2020, Best Alumni Award from St. Joseph's College, Irinjalakuda in 2019, IMS prize (Group 1 – Discrete Mathematics) instituted by Indian Mathematical Society in 2013 and Kerala State Young Scientist Award instituted by Kerala State Council for Science, Technology and Environment in 2012. With exuberant excellence, Ma'am has done various research projects and imparted her astonishing wisdom by being a part of multiple seminars and guest lectures and has enlightened the students with her proficient significant knowledge. Ma'am has also been a member of renowned mathematical organisations such as American Mathematical Society (AMS), life time membership in Indian Mathematical Society (IMS), Ramanujan Mathematical Society (RMS) as well as Academy for Discrete Mathematics and its Applications (ADMA) and has also served as an Executive Committee member (2014 – 17) and Secretary (2016 – 2020).

Objective of the Programme:

FOSTAC training is conducted as per FSSAI guidelines by registered trainers. This training is necessary for qualifying as a Food Safety Officer.

Programme Brief:

20 students from III B.Sc Food Science and Management and II M.Sc Food Technology and Management attended the FOSTAC - Food Safety Supervisor Manufacturing (Level 2) training on 03.02.2023. Duration of the training was 8 hours.

Programme Outcome:

Training was followed by an online exam which was mandatory for certification. 20 students cleared the exam and were awarded the FOSTAC - Food Safety Supervisor Manufacturing (Level 2) certificate.

Resource Person Profile:

National Agro Foundation (NAF) was set up as a Public Charitable Trust in 2000 by Mr. C Subramaniam, Architect of India's Green Revolution and Bharat Ratna Awardee, to usher in rural revolution with special focus on agriculture and small and marginal farmers as well as to bring about inclusive growth. Mr. Subramaniam envisioned NAF for economic and social development of farmers with a "Soil to Market" approach on a sustainable basis.

The trainer, Ms. Shyla Ravi, works for the National Agro Foundation in Chennai as a Senior Technical Manager.

20 students from III B.Sc Food Science and Management and II M.Sc Food Technology and Management attended the FOSTAC - Food Safety Supervisor Manufacturing (Level 2) training on 03.02.2023. Duration of the training was 8 hours.

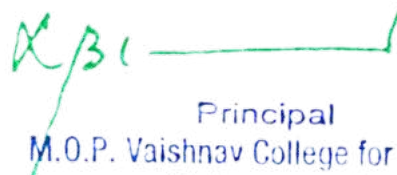

Programme Outcome:

Training was followed by an online exam which was mandatory for certification. 20 students cleared the exam and were awarded the FOSTAC - Food Safety Supervisor Manufacturing (Level 2) certificate.

Resource Person Profile:

National Agro Foundation (NAF) was set up as a Public Charitable Trust in 2000 by Mr. C Subramaniam, Architect of India's Green Revolution and Bharat Ratna Awardee, to usher in rural revolution with special focus on agriculture and small and marginal farmers as well as to bring about inclusive growth. Mr. Subramaniam envisioned NAF for economic and social development of farmers with a "Soil to Market" approach on a sustainable basis.

The trainer, Ms. Shyla Ravi, works for the National Agro Foundation in Chennai as a Senior Technical Manager.

1.	27.03.2023	Brain and Behaviour	Dr. Jamuna Rajeswaran Professor and Head, Dept of Clinical Neuropsychology and Cognitive Psychology, NIMHANS	308

OBJECTIVES OF THE PROGRAM:

- To help students understand the domains of cognitive neuropsychology in terms of clinical assessments.
- To educate students about educational and career opportunities in the field of cognitive neurosciences.

PROGRAM BRIEF:

Dr. Jamuna Rajeswaran's presentation started with an exploration of the origins of cognitive neuropsychology, followed by an in-depth explanation of various neuropsychological assessments used by cognitive psychologists and neuroscientists. She provided some case examples to sensitise students on the importance of conducting needs assessments to cater to individuals specific functional impairments. Students gained insights on the importance of maintaining one's cognitive reserve to prevent mental deterioration in old age. Finally, students were informed of the scope of cognitive neuropsychology in terms of educational and vocational opportunities.

PROGRAM OUTCOMES:

- Students gained insights into various brain functions and related neuropsychological assessments.
- Students learned about the prerequisites, scope, and employment opportunities in cognitive neuropsychology.

The programme commenced with an invocation song to the Almighty, followed by the lighting of the lamp by Dr. Lalitha Balakrishnan, Principal of M. O. P. Vaishnav College for Women, the Chief Guest of the day, Dr Mohan Rajan, Chairman & Medical Director, Rajan Eye Care Hospital Pvt Ltd, the Guest of Honor, Dr. M. Ravi Shankar, Director, The Nethralayam, Chennai and the Heads of the Departments of Sociology and Psychology, Dr. Uma Maheshwari and Dr. Gayathri Swetha Kumari.

Dr. Lalitha Balakrishnan, Principal of M. O. P. Vaishnav College for Women, delivered the welcome address, highlighting the relevance of this seminar and the theme chosen, to the present day global scenario. She extended a warm welcome to all the guests, speakers, teachers and students who had graced the occasion with their presence.

The Chief Guest of the day, Dr Mohan Rajan, Chairman & Medical Director, Rajan Eye Care Hospital Pvt Ltd, highlighted the importance of women in each of our lives, during his address. He talked about the need to have a social consciousness, and give back to the underprivileged in society. He elaborated on the three mantras which one should follow in life- to not forget one's parents, to not forget one's alma mater, and to not forget one's country. He stressed the fact that it is our duty to educate women, as educating women meant educating a family. He also mentioned the traits of a woman which made her essential for the workforce, and urged regular check ups to safeguard women's health.

The Guest of Honour, Dr. M. Ravi Shankar, Director, The Nethralayam, expressed his respect for the exemplary panel of speakers who had graced the seminar. He urged the audience to take care of the health of their eyes, and not sacrifice the quality of their vision due to the stress and tension of work. He advised a good balanced diet, less screen time, and good sleep to maintain our eyes.

The Keynote Speaker, Prof. Hasheem Mannan, Associate Professor, School of Nursing, Midwifery and Health Systems, University College Dublin, Ireland, spoke broadly to the physical, mental and social well-being of women, and on the importance of making decisions which matter to them. He highlighted the situation of women around the world during the Covid-19 pandemic, and how their social, economic and psychological situation had deteriorated during this time. He talked about the importance of increasing the mean years of schooling for girls in India, and the various policies and programmes put in place to facilitate maternal and child health. He gave the audience a new lens to look at women issues with, by drawing their attention to how the conditions in which people are born, grow and live shape their social outcomes. He also talked about the gaps in access to equitable healthcare, and the absence of individualized healthcare programmes. He mentioned areas for further research in the fields of health movements, reimagining India's health systems and framing legislations for women and child development in line with international conventions. He expressed his gratitude to the

women who had played a significant role in his life, and showcased his rootedness to his culture by sprinkling his speech with Tamil quotes and words.

The first speaker for the day, Dr.(Hon. Causa, Finland) Swati Shirwadkar, set the tone for the rest of the meeting with her thought-provoking session. She talked about the stigma surrounding women's sexuality and reproductive health, and the importance of freedom of choice for a woman to make decisions regarding her body. To illustrate the high occurrence of adolescent pregnancies and births in developing countries, she presented her study on the Katkari tribal community in Maharashtra, and the challenges they face and the strengths they have in their culture, which influences healthcare significantly. She emphasized that we should try to build up on the strengths already present in the society and culture, and not do away with these, to ensure sustainable development on multiple dimensions.

Ms. Persis Naumann dealt with the intricacies and dilemmas of ethics in medical decision making. She pointed out that each person is different and has their unique story to tell, which must be understood to better involve women in decisions that concern them and their bodies. She talked about the cultural forces that hinder a woman's liberty to make decisions for herself, and how liberty and agency were both important in autonomy. Drawing from her experiences, she demonstrated the significance of interdisciplinary research, to get insights from different fields in order to make better choices.

Ms. Aarti C Rajarathnam captivated the audience with her deep insights into embodied emotion and witty impersonations of typical unhealthy ways in which people handle their emotions. She highlighted the importance of becoming aware of our emotions, and letting them flow through us, instead of suppressing them or distracting ourselves from them. She encouraged us to not miss out on the big picture, and make sure that the story we are telling ourselves is healthy.

Ms. Asha K, Scientist D, from the National Institute of Occupational Health, enlightened the audience about the various ways in which an unhealthy work environment combined with genetic and other factors could lead to detrimental effects on an individual's health. While she highlighted the benefits of occupational health services, she also touched upon some of its shortcomings such as, these being largely available only by workers in the organized sector. Before closing, she also explained how we as individuals could improve our work lives by identifying potential risks and assessing them and also took a couple of questions from the audience.

The next speaker, Dr. Keerthi Pai, commenced her discourse by elucidating the meaning of "Psychological Well Being" and briefed about the various economic, genetic and environmental factors that affect it. By stating that "Depression is genuine" she urged the audience to treat depression as a real medical condition and suggested that in order to prevent any lifestyle

illnesses, it would be best for people to express their emotions instead of suppressing them. Much like, Ms. Naumann, Dr. Pai also stressed on the idea that individuals should be able to exercise considerable autonomy over their lives and be aware of their purpose for their mental stability. She concluded her speech by mentioning that everyone could develop psychological wellness by expressing gratitude and being smarter.

Dr. Prabha Ganapathy, provided an in-depth analysis on the “Myths and Realities” governing the reproductive health of women. Contrary to popular belief, Dr. Ganapathy, emphasized that one’s reproductive health must be given adequate care and attention right from infancy and not exclusively from the time of attaining puberty and forward. She also conveyed that the common problems associated with reproductive health such as PCOS and PMS, could be dealt with effectively by consuming a balanced diet, avoiding junk food and with regular exercise. In closing, she highlighted the current status of sexually transmitted diseases such HPV (Human papillomavirus infection) in India, and how we can prevent such infections by adopting safe sex practices and by taking regular doses of vaccinations.

Dr. Sangeetha Makesh, Founder, Psycafe, instantly caught the audience’s attention with her statement “Love is not a feeling, it is a science”. From discussing the five stages of a romantic relationship to the concept of abuse and the toxic symptoms of abusers and victims, Dr. Makesh gave a holistic view on the topic of romantic love, to the audience. While urging the listeners to choose healthy intimacy, and enjoy their romantic relationships, she also emphasized that it is equally important to leave a toxic relationship, as difficult as it may be, in reality.

The last speaker for the day, Ms. Swetha Shankar began her presentation by clarifying that women and the LGBTQIA+ community across the world remain the most affected population by domestic violence today. While she went on to justify her claim, by citing some alarming statistics, she also disproved a few myths concerning domestic violence, by explaining that it is a problem that is not only prevalent in the lower socioeconomic backgrounds but among all sections of society. Upon briefly mentioning certain irreversible damages that domestic violence leaves on the individual and society, Ms. Shankar concluded her discourse by leaving a few resources for domestic violence aid to the audience.

The day long seminar, came to a closure with the Vote of Thanks from the Head of Department, Psychology, Ms. Ghayathri Swetha Kumari R A, who had extended her heartfelt gratitude to all the speakers who had graced the occasion with their presence, and to the audience for their enthusiastic participation. She had also appreciated the efforts of the Principal, Dr. Lalitha Balakrishnan, the Vice Principal, Dr. Uthira D, the Staff and Students of the Department of Social Sciences, in ensuring the smooth flow of the event. Lastly, she had also thanked Lord Almighty for the grand success of the seminar. The event officially came to an end, with the playing of the national anthem, and the distribution of the certificates.

Objectives of the Programme:

- To elaborate on the scope of design in today's world, specifically the fashion industry.
- To elucidate the resource person's many years of experience combined with their creative and technical knowledge in designing and styling.
- To inform the students about the skills required to work in the world of fashion.

Programme Brief:

The program commenced with an introduction and AV of the guest speaker, Mr. Chaitanya Rao. Mr. Rao answered the questions of the students and provided an immense amount of insight about working for fashion in film, and about the nuances of costume designing. He answered questions about deadlines, feedback, working with directors in the industry, and overcoming setbacks. When speaking about ethics in fashion, he explained the importance of sustainability in fashion, the avoidance of synthetic materials and overall forward thinking while pertaining to fashion.

Programme Outcomes:

- Knowing the various aspects of working in the fashion industry and how a flair for creativity can come from anywhere.
- Understanding the difference between working for the film industry and working for the fashion industry exclusively.
- Understanding the importance of prior research and finding concepts that are befitting the scenario, the model, and theme that the project is based on.

Resource Person's Profile: Chaitanya Rao, is a Chennai-based stylist, fashion designer, and costume designer. renowned for styling the who's who of Tamil cinema & Bollywood divas, always lets his clothes do the talking. He worked for ColorPlus where he got to learn about the various aspects of the fashion industry. Through his job as a merchandiser, he got to travel to different parts of the country and got to study locals' traditions and cultures up close.

It has been 27 years since he started in the industry, his hands are full with juggling between styling for Indian cinema (predominantly the Tamil and Telugu film industry) and working on his Label. He has done seven fashion weeks and has designed for the likes of Asin, Nayanthara, Shreya, Trisha, and Tamannah - the leading ladies in the Tamil film industry as well as actors such as Ajith, Dhanush, Madhavan, Suriya, and Vikram. He has also styled clothes for numerous ad films such as ICICI, Pepsi, Coke, Spinz, and Gilbeys.

Objectives of the Programme:

- To provide an insight on the basic qualities and skills required to start a career in the film industry.
- To make students understand the intricacies of film direction and screenplay writing.
- To share the experience and expertise of working in a variety of projects, ranging from television series, corporate films, short films to feature films.

Programme Brief: Director V. Priya began the session by sharing 10 points that ought to be remembered and followed by all film aspirants. She elaborated on the importance of being on time, committed, working with conviction, believing in oneself and above all taking inspiration from everything around. Dir. Priya had answered all the questions patiently, and provided the students with an immense amount of insight on working as a director and screenplay writer for films. She answered questions about deadlines, feedback, working in the industry, and overcoming setbacks. She also spoke about her experience as an assistant director under Mani Ratnam for movies like Iruvar, Indira and Dil se.

Programme Outcomes:

- Provided insights on film direction and screenplay as creative roles.
- Gave an overview of the different responsibilities of a director in film making.
- Emphasised the importance of being punctual, committed and observant at all times.

Speaker Profile: V. Priya is an Indian film director. She worked as an assistant to director Mani Ratnam in Iruvar, Indira and Dil Se after learning her craft under Suhasini. Priya has worked as a screenplay writer for Mitr, my friend (Indian English movie - 2002), Herovazerova and Kanda NaalMudhal (2005). Kanda NaalMudhal (romantic-comedy) was also her directorial debut starring Prasanna, Laila and Karthik Kumar. The film received positive critical acclaim during its release and did well at the box-office. She alongside her husband Bhushan Kalyan worked as creative director for television series Uyirmei which was telecasted in Zee Tamil. After a long gap, she made her comeback to film direction with Aadi Lakshmi Purana which marks her debut in Kannada cinema. Her current project is a series called “Anantham” for zee 5.

Objectives of the Programme:

- To conduct an informative session to help students understand and learn more about UI/UX design as a field of design.
- To give the students an idea of opportunities that are available to them in the design market.
- To interact with students effectively and give them an insight on UI/UX design.

Programme Brief: The programme commenced with a quick introduction to the guest speaker, Vigneshwara Rao, and an AV of his works was presented after which we proceeded to the informative session, which included topics like the workflow process, UI/UX design, software used and the job opportunities.

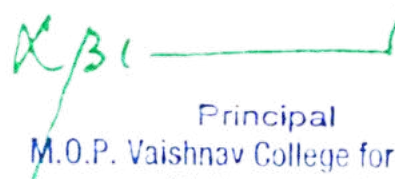

Mr. Vigneshwara Rao went through the topics patiently and provided the students with an immense amount of information about UI/UX design and how the industry revolves around it. He spoke on how a good UI/UX design helps to build a brand. His session was extremely interesting and enlightening because he dealt with topics the students didn't have much exposure to. In addition to this, he answered questions from the students in a detailed manner.

Programme Outcomes:

- Students got an insight on how UI/UX design is important in the industry.
- Students were taught the layers of a design system and how they are incorporated in branding.
- The students got to know the different job opportunities that are available to them in the job market.

Resource Person Profile:

Vigneshwara Rao is the co-founder of Madras Creatives, a design firm founded in 2020. He has an experience of 10 years in graphic designing, branding, UI/UX design and 3d interiors. He worked as a 3d creative designer in Idea Creations. He has also worked as a creative director in Ad2Pro Media Solutions Pvt. Ltd. In October 2018, he worked as a Visualizer in RR Donnelley, Chennai, where he won the Employee of the year award. In addition to this, he has presented a seminar in NIEPMD, a Central government Institution.

Objectives of the Programme:

1. Students will gain an in-depth understanding of the need and importance of storyboards.
2. It will help in gaining knowledge about the responsibilities of storyboard artists in bringing a story to life by planning and drawing the actions in the script.

Programme Brief:

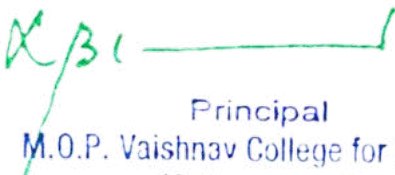

The programme started with a brief introduction of the speaker and his work experience. Mr. Sainath did a visual presentation about the process of creating storyboards. He emphasized on the need of strong artistic skills and dramatic timing sense. Understanding composition and camerawork principles will help in creating good sketches. The resource person explained the techniques of dealing with panels and working on captions. Students' queries were clarified with suitable examples. They actively participated in the storyboard creation activity and completed an entire scene.

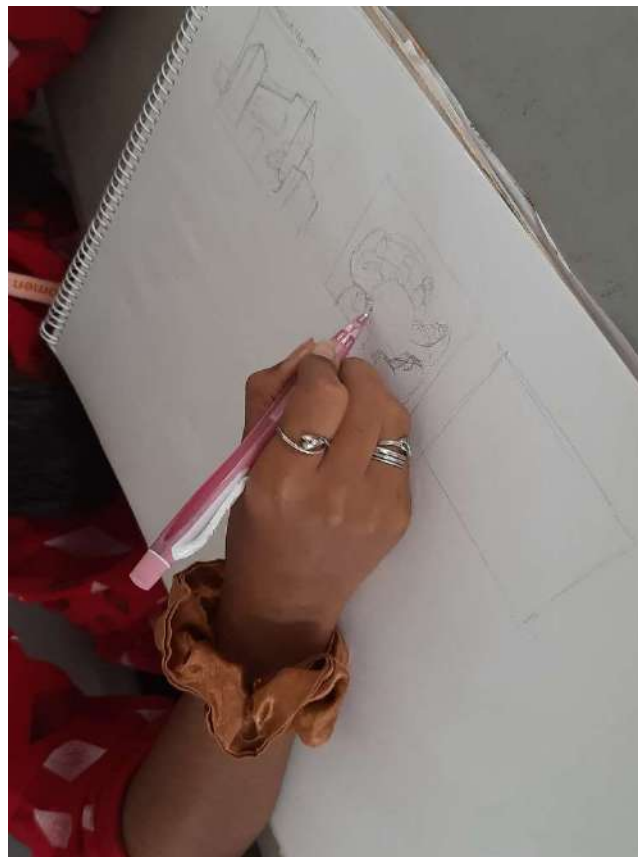

Programme Outcomes:

1. Students were able to visualize and create a storyboard for a scene.
2. Students learnt how to visualize shot changes and add transitions.

Resource Person Profile:

Mr. B. Sainath is a Cartoonist and Illustrator with DT Next, Chennai. Prior to that he also worked with 'The New Indian Express' and Make Believe Productions as a cartoonist and illustrator. He has won several accolades for his work.

Objectives of the Programme:

- To identify the importance of advertising in the current world.
- To understand and appreciate the nuances of ad film making.
- To help students build the creative skills required for ad filmmaking.

Programme Brief:

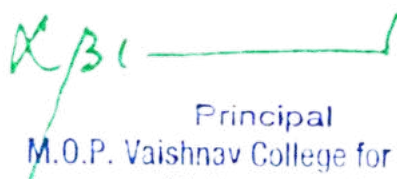

Mr. Prakash Pandurangan held an interactive session with the students, wherein, he explained several aspects of creative ad filmmaking, including concepts like branding, brand positioning, importance of simplicity in advertising, ways to impart creativity in ads filmmaking, and how to overcome misunderstandings and creative blocks. After addressing the students, Mr. Prakash also answered several questions posted to him by the students.

Programme Outcomes:

- Analysed the importance of simplicity in ad filmmaking.
- Gained thorough insights into the creative aspects of ad filmmaking.
- Understood the importance of pre-production in the ad filmmaking process.

Speaker Profile:

Mr. Prakash Pandurangan, a Visual Communication graduate from the University of Madras has been in the industry for more than a decade and has worked on more than 180 successful ad films for brands like Vasan eye care, Premiere Home appliances, and so on. After working as a Freelance Director for various digital films for Mumbai based agencies, he started 'Content Onion Productions', his own production house in the year 2013 to lend his expertise as an ad film director. He has worked for some of the leading brands including CavinKare, Wipro, Mirinda, Santoor, Chandrika, Kaleesuwari and Bashyam Constructions. He regularly works for leading ad agencies such as FCB, Leo Burnett, Mind Share, Optima Response, and Chirpy Elephant

- To collaborate with industry specialists who can guide and mentor the students on the changing dimensions in the advertising industry

Programme Brief with session details and schedule:

B.Sc. Visual Communication initiated an Industry academia interface through AdCon 2022, All about Ads, a two-day symposium. The symposium was aimed to make the students understand the changing dimensions of the advertising industry. All the three years of the programme participated in the symposium and the event was conducted at Meghdoot. There were six sessions conducted over the two days. All sessions had a resource person from the industry of notable fame and experience addressing the students followed by an interaction.

Objectives of the Programme:

- To orient on the characteristics of different media platforms.
- To highlight the different ways of creating engaging content across various platforms.
- To provide an insight into the latest trends in content creation.

Programme Brief:

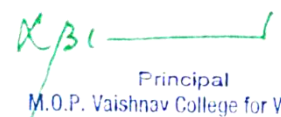

Ms. Subhashree Thanikachalam highlighted the various types of platforms present in the media with their features, advantages and disadvantages. She kept the students engaged by giving small assignments during the session by asking content, taglines and copy for the different mediums. Examples were also shared for engaging content. The programme concluded with an interactive session about her experiences in the industry.

Programme Outcomes:

- Comprehending the unique characteristics of different platforms in the media.
- Experiment with different taglines to attract audience attention.
- Apprehend the latest trends in media.

Speaker Profile:

Ms. Subashree Thanikachalam is one of the senior most producers from the south Indian television industry. Her script writing abilities were first recognized by SUN TV. She was phenomenal in coining many new concepts and shows for television audiences , especially the music lovers. Her knowledge of Film music is vast and exceptional that she was nicknamed “the encyclopedia of Tamil film music.” She was also the first set of Tamil television journalists , to have been on field work and produce sensational stories. The journalist, writer, producer, presenter and curator later moved on to be an entrepreneur and start her own company – MAXIMUM MEDIA. She is currently the creative head of the world's first exclusive Classical Carnatic web TV – www.ragamalikatv.com.

B.A. JOURNALISM

Conduct of Workshops for students

S.NO	Date	Title of the Workshop	Resource Person (Name, Designation & Org Name)	Total number of students who attended the session
1.	11/10/2022, 12/10/2022, 14/10/2022 & 17/10/2022	Sensitive Reporting on Mental Health	Dr. Mangala, Assistant Director- Media and Awareness, SCARF India	69

Objectives of the Programme:

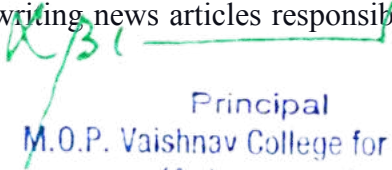

- To sensitise the students about sensitive reporting of Mental Health
- To throw light upon the existing practices in reporting mental health and critically analyse the severity of the same.

Programme Brief:

Day 1- Dr Mangala focussed on educating the students about Stigma revolving around mental health illness and people with mental illness. Dr Mangala spoke about how the media plays an important role in creating an impact about mental health awareness. She concluded the first day of the workshop by addressing the students about how students could learn about reporting mental health news responsibly.

Day 2- Dr Mangala elaborated on Schizophrenia, identifiable and unidentifiable hallucinations and sighted real-life experiences with her clients/patients to make the students understand these mental illnesses. Towards the end, she explained the importance of adding resources to any news stories that any responsible journalist must include in any article they report and write, keeping in mind the students.

Day 3- Dr Mangala taught the students about the various ways one can use Media platforms, for example, she explained how various tools can be used in social media platforms to reach more people. She further spoke about the ethics of reporting mental health news and provided the audience with some guidelines and exercises (assignments on writing news articles responsibly regarding a mental illness) to assess their understanding.

Day 4- Dr Mangala presented some cases of her patients and explained in detail how each person's behaviour differs when they have Schizophrenia. She also addressed the stereotypes around Schizophrenia and helped the students to unlearn the stereotypes and learn more about how to understand the mental state of persons with mental illnesses and the people around them —family, friends, caretakers etc. She provided more information about reporting mental health by using appropriate images and how to avoid the use of stereotypical images and other factors such as providing trigger warnings while reporting about suicide cases and she addressed how to avoid dramatising mental illness.

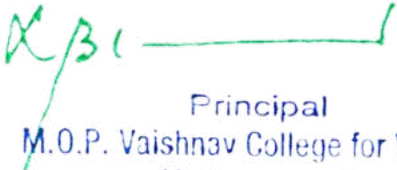

The workshop majorly focussed on Schizophrenia, people with Schizophrenia and reporting mental health news responsibly. The students were also taught about providing prevention methods and creating awareness about mental health and mental health illnesses in news media platforms, which can help the public to seek help.

Programme Outcomes:

- The students gained knowledge about sensitive news reporting of Mental health stories.
- They also came to know about various forms of news stories through which they can spread awareness about mental health
- The resource person delivered tips to handle the sensitivity surrounding mental health that were beneficial for students.

Resource Person Profile:

Dr. Mangala is the Assistant Director- Media and Awareness, SCARF India. With more than 15 years of clinical experience, she is into the journey of sensitising professionals and student community across Chennai about sensitive news reporting about Mental Health. Dr. Mangala also collaborated with educational institutions in delivering talks about the growing importance of mental health in various fields.

Conduct of Workshops for students

S.NO	Date	Title of the Workshop	Resource Person (Name, Designation & Org Name)	Total number of students who attended the session
1	28.12.2022	Beyond Fear and Brand stories	Mr.Pratish Nair	112

Objective of the Programme:

- To make students understand the concept of branding and its importance in establishing and promoting a business.
- To analyze the importance of networking and its effectiveness in promoting a brand
- To make them learn networking skills, formulation of branding strategies, collaboration skills to promote a brand as in product or a person

Programme Brief:

Beyond fear is a workshop conducted to help students come out of their fear and learn the importance of branding and networking to help them excel in their career and to seize opportunities that are challenging. It helps the students in understanding the importance of facing one's own fear and to be open to new experiences.

Programme Outcomes:

- Students were able to understand the concept of branding and how the establishment of a brand in the market impacts the future of the brand.
- They learnt the basics of networking and the power of creating opportunities wherever they go.
- Students learnt to face their fears with a series of activities that made them step outside of their comfort zone.

Resource Person Profile:

More and more people around the world are acknowledging the fear they feel and are seeking ways to overcome it.

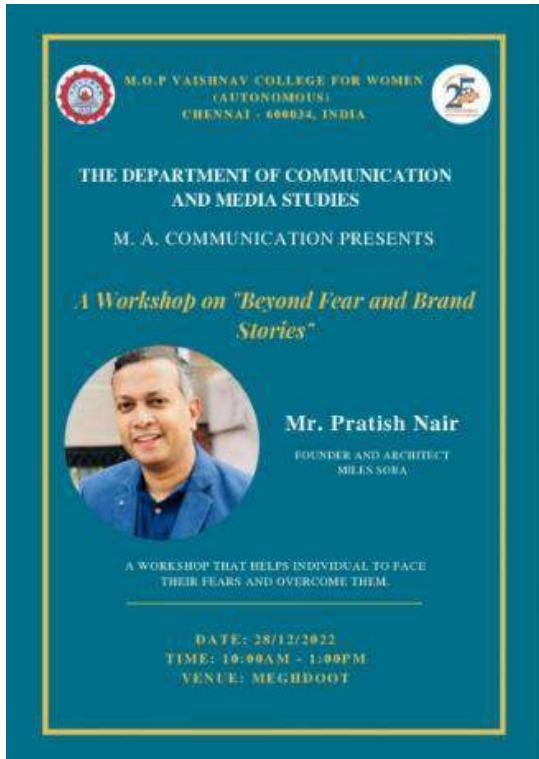

Pratish Nair has spent over 20 years being a serial entrepreneur, film producer-director, speaker and author. What drives him to live on the edge in his desire to help individuals and institutions around the world increase their impact in a rapidly changing world. He founded the world's first school of branding & advertising and is a firm believer that most of the individuals/professionals never reach their full potential only because of fear.

வாசிப்புப் பழக்கம் இன்றி எழுத முடியாது: எழுத்தாளர் திலகவதி

சென்னை, மார்ச் 27: வாசிப்புப் பழக்கம் இன்றி எழுத முடியாது என்று என எழுத்தாளரும், முன்னாள் டிஜிபியுமான கோ.திலகவதி தெரிவித்தார்.

சாகித்திய அகாதெமி, சென்னை நுங்கம்பாக்கம் எம்.ஓ.பி வைணவ மகளிர் கல்லூரியின் தமிழ்த்துறை ஆகியவை சார்பில் கல்லூரி வளாகத்தில் திங்கள்கிழமை நடைபெற்ற எழுத்தாளர் சந்திப்பில் அவர் பேசியதாவது: தமிழ் மொழியின் மீது மாணவ, மாணவிகள் பற்றுவைக்க வேண்டும். திரைப்படங்கள், தொலைக்காட்சி தொடர்கள் மக்களின் நேரத்தை திருடி வருகின்றன. இதனால் வாசிப்பு

பழக்கம் குறைந்துவிட்டது. வாசிப்பு பழக்கம் இருந்தால் தான் எழுத முடியும். எழுத வேண்டிய விஷயத்துக்கான கருப்பொருள்களை ஆராய்ந்து தேர்ந்தெடுத்தப்பின் அதை கதையா?, நாவலா?, சிறுகதையா? அல்லது கட்டுரையா? என தீர்மானித்து எழுத வேண்டும். தொலைக்காட்சியில் பல விரும்பத்தகாத காட்சிகள் வருகின்றன. இதைத் தடுக்க தணிக்கை அவசியம்.

தொலைக்காட்சித் தொடர்கள், ஒ.டி.டி. யில் வரும் நிகழ்ச்சி போன்றவைகளால் இலக்கியத்தின் மேல் ஆர்வம் உள்ள மாணவ, மாணவிகளுக்கு கவனச் சிதறல் ஏற்படும். பள்ளி மாணவ, மாணவிகளிடம் புத்தக வாசிப்பு பழக்கத்தை ஏற்படுத்த வேண்டும்.

வாசிப்புக்காகவாரத்துக்கு ஒருபாடவேளை ஒதுக்க வேண்டும். சிறந்த புத்தக வாசிப்பாளருக்கு பரிசு கொடுத்து ஊக்கப்படுத்த வேண்டும்.

பெண் எழுத்தாளர்களுக்கான சமூகத்தில் மதிப்பு குறைவாக உள்ளது. அவர்களுக்கு உரிய அங்கீகாரம் கிடைப்பது இல்லை என்றார் அவர்.

இந்நிகழ்ச்சியில் கல்லூரி முதல்வர் முனைவர் லலிதா பாலகிருஷ்ணன், தமிழ்த் துறை தலைவர் முனைவர் ராஜேஸ்வரி, பேராசிரியர் பத்மபிரியா, தமிழ் மன்றத் தலைவி இசைமொழி உள்ளிட்டோர் பங்கேற்றனர்.

சென்னை நுங்கம்பாக்கம் எம்.ஓ.பி. வைணவ மகளிர் கல்லூரியில் திங்கள்கிழமை நடைபெற்ற எழுத்தாளர் சந்திப்பு நிகழ்ச்சியில் எழுத்தாளர் ஜி.திலகவதிக்கு நினைவுப் பரிசு வழங்கிய கல்லூரி முதல்வர் லலிதா பாலகிருஷ்ணன்.
