

Diploma in Governance and Policy Studies (Offered in association with Veranda IAS)

Where your IAS dreams become a reality

The Diploma in Public Policy & Competitive Exams offered by Veranda IAS in collaboration with MOP Vaishnava College is a comprehensive program designed to provide students with a solid foundation in public policy and competitive exam preparation. The course covers key areas such as economics, polity, modern history, geography, international relations, and aptitude. It aims to equip students with the necessary knowledge and skills to excel in competitive exams like UPSC, TNPSC, and other government service exams.

The curriculum spans over 240 hours and includes interactive sessions, extensive study materials, and access to recorded video lectures. A unique aspect of the program is its hybrid format, combining classroom-based learning and online resources through a Learning Management System (LMS). The LMS grants students three years of access to study materials, current affairs updates, and other learning resources.

In addition to academic training, the program integrates hands-on learning through internships and projects. Students can opt for internships in government offices, NGOs, or public sector undertakings, or engage in research projects on social or development-related issues. This experiential learning helps students connect theoretical knowledge with practical application.

Regular tests and evaluations are a vital part of the program, helping students monitor their progress and strengthen their preparation. Field visits and webinars conducted by experts, including civil servants, enrich the learning experience by offering real-world insights into governance and public administration.

The program also includes mentorship sessions, newspaper analysis, and workshops, fostering a well-rounded development approach that prepares students for exams and future roles in public service.
