STAKEHOLDER FEEDBACK ANALYSIS REPORT 2023-2024

Students Feedback:

An analysis of the students' feedback on the curriculum highlights that the course objectives are clearly defined and closely aligned with the course content. This alignment significantly contributes to the attainment of Program Outcomes (POs), Program Specific Outcomes (PSOs), and Course Outcomes (COs). The feedback further indicates that students have rated the curriculum as excellent, reflecting their satisfaction with how it prepares them for future endeavors. The curriculum has been highly appreciated for its ability to impart competencies necessary for employment and to provide a robust foundation of knowledge essential for pursuing higher studies.

Faculty Feedback:

The feedback from the faculty underscores that the curriculum is thoughtfully designed to address the development of critical employability and entrepreneurial skills among students. Faculty members have expressed satisfaction with the structure and content of the curriculum, which they believe equips students to meet the demands of the professional world and foster innovation through entrepreneurial ventures.

Employers' Feedback:

An analysis of feedback provided by employers reveals that graduates possess a commendable ability to contribute efficiently and effectively to the industrial environment. Employers have observed that the students demonstrate updated and relevant subject knowledge, which is critical in today's fast-evolving industries. Additionally, the graduates have been noted for exhibiting high levels of industry-relevant skills such as communication, leadership, and team-building abilities, making them valuable assets in their respective organizations. This feedback affirms the curriculum's success in preparing students for the challenges of the professional world.
