The one thing I learnt was its important to know how to apply your skills and knowledge at the right time. Learn to take risk and explore! :) Thanks to MOP for the experience I have gained. – Martina Jennifer N (Batch: 2017-2019)

I always had an interest towards business, starting something of my own identity. But so many thoughts have backlogged me from which field I should pursue in business. My education in MOP has helped to streamline myself towards my passion and capabilities. The institution has given me the space to think out of the box and courage to stand out for what I needed to achieve in my life for which I am always thankful-. - Seraha Sheela Jacob (Batch 2018-2020)
