Session on creating awareness on Sustainable Development Goals and self development are conducted in Government schools and schools for specially abled children.

## TESTIMONIALS

As an Undergraduate student of Economics, I got the opportunity to explore the subject in depth and understand the practical nuances that are running the World. The department, with its various activities and opportunities have proven to be an impetus in thriving my interest in the subject, equipped with the requirements of the job market as well. The three years spent here have contributed tremendously to my growth and development.  
Krithika R (2018-2021)

I had the privilege of being mentored by the faculty members of the Economics Department who share an immense passion for the subject that comes across strongly in their teaching. Classroom environment allows critical thinking and engaging discussions on various topics. We were always given the support and encouragement to explore our interests beyond textbooks. This freedom to explore not only broadened our horizons but also enabled us to discover our true passions.  
Shravya Sukumar (2020-2023)

This course's curriculum was beneficial in many aspects. It delves into the numerous emerging sectors of Economics while also providing us with information in allied fields such as socioeconomic policy and principles of finance. Studying Economics at this college equipped me with a wide range of career options that I can follow after graduation.  
Sowmya C (2020-2023)
