### TEACHING PEDAGOGY OF THE DEPARTMENT

### Testimonials

I chose this course public policy as an enhancer, that would help to achieve my dreams and career goals. The course did helped to focus on my career plans but it also gave a vast knowledge about every other fields and opportunities that I am unaware of. I would thank the department teachers for their constant support and encouragement for my plans and goals and helping me to know the various opportunities in the field of public policy.

M. A. Public Policy (Batch 2020-22)

The M. A. Public Policy programme is ideal to comprehend the vigour of decision making, which is inherited in the process of policy making and how it has an impact on society. Having considered this aspect, learning this course has created an awareness in me of how every single change in society could possibly reflect a change in the decision-making process and might as well nudge the policy alternatives envisioned.
