## **ANNUAL REPORT**

***33<sup>rd</sup> College Day***  
***2024 – 2025***

***“The true teachers are those who help us think for ourselves.”***

**– Dr. S. Radhakrishnan**

## *Year of Gyaan*

This year saw M.O.P. students take on the mantle of teachers as they spread out far and wide to various schools and communities to share the gift of knowledge.

The old adage goes that if you give a person a fish, he eats for a day, but if you teach him to fish, he eats for a lifetime. The outreach activities of M.O.P. Vaishnav aim to make life better for others in meaningful ways. Instead of contributing in material ways, which would last only for the short-term, the student cohort set out to contribute knowledge that the beneficiaries could apply effectively – to start a revenue-earning activity, to do better in school examinations, or to dream of and plan for higher education.

Recognising that material need also exists, the College has also helped set up essential educational infrastructure such as computer labs at the schools that it regularly supports.

This decision to impart knowledge comes out of the outcomes that the College has witnessed throughout its our journey. At the individual level and at the institutional level, the focus on knowledge has elevated intellectual statures and given an impetus to future achievements. With the year of Gyaan, the College seeks to share this good fortune with others. *As with happiness, sharing the gift of knowledge only increments it.*

***Celebrating 33 years  
of academic excellence!***
